CAO Glenn Weber called upon Tony Tramel, Director of Traffic and Transportation to provide

an update on the paratransit service situation. Tramel explained that the current paratransit contract with AIS is scheduled to expire at the end of the fiscal year. Traffic and Transportation received requests for proposals for paratransit services. Based on the evaluation and comments received, it is recommended LCG enter into a contract with Acadiana Transit rather than to continue with Affiliated Blind of Louisiana. Acadiana Transit’s proposal will save LCG approximately \$6,000 annually, provide door-to-door service and computer-aided scheduling at no additional cost to LCG or the community.

Mary Ann Ficaro is pleased that the recommended vendor will work with the clients door-to-door.

Upon a request by Councilman Stevenson, Terry Huval gave a brief presentation on a request that has been made by Entergy to assist with a concern that may cause possible blackouts. LUS is a member of a reliability council called the Southwest Power Pool. The Southwest Power Pool is responsible for setting up rules of operation for inner connection service between the utilities. LUS has inner ties with Entergy's transmission system, which have suffered inadequacies to be able to maintain the strength that the grid needs to provide power in the local area. Entergy declared their crisis a level 6, which is the highest level and LUS was directed by the Southwest Power Pool to redispatch transmissions. LUS has been meeting with Entergy and other utility companies to determine a solution while supporting the power grids to delay any possible blackouts.

Upon questioning by Stevenson, Lee Leonard, Assistant City-Parish Attorney, explained that the delay was caused by an indemnity clause and the insurance requirements. His office was able to establish an indemnity clause that was satisfactory to LCG and the subject party. The clause provides all requests by LCG, yet avoids placing ATMOS in the position of being a municipality in the event a catastrophe occurs. Once there was a complete understanding of their objection, language was developed for the clause that was acceptable to all parties involved. The proposed contract has more advantageous provisions than the previous contract. The contract is a 10-year agreement with the possibility of an extension assuming both parties agree.

Upon questioning by Williams, Leonard stated the franchise fee of 4% remains the same and is the highest according to statute. The fiscal impact of the franchise fee to the general fund is approximately \$700,000+. The geographical makeup to the franchise is the city limits of Lafayette. Trey Hill, an ATMOS representative, thanked the Council and the Administration for participation in getting the franchise agreement renewed. He felt the agreement would continue to benefit the city and provide quality service to the customers.

(TAPE 1)(SIDE B)(518)AGENDA ITEM NO. 15: O-180-2003 An ordinance of the Lafayette City-Parish Council amending the FY 02/03 Operating Budget of the Lafayette City-Parish Consolidated Government by authorizing the transfer of fund balance from federal grant programs to the Old Federal Building Renovations Project. Vice-Chair Castille originally received a motion but no second, therefore, the motion died for a lack of second. Williams then offered a motion, seconded by Benjamin for reconsideration. The vote for reconsideration was as follows:

YEAS: Badeaux, Castille, Williams, Benjamin, Stevenson

NAYS: Broussard, Mouton, Menard

ABSENT: Trumps

RECUSED: None

Motion was approved for reconsideration.

Upon questioning by Williams, Tim Breaux, Director of Community Development, explained these funds complete the project to allow his department to move into the Old Federal Courthouse. The funds have to be expended before the expiration date. The Council has already approved CDBG funds for his department to move. Additional monies were needed to complete his endeavor; therefore his office made a request to HUD to transfer the funds from a federal grant program and received approval. Each year, HUD will review Community Development's expenditure rate. HUD does not allow anyone to have more than 1½ times of the current appropriation in the budget unexpended, otherwise, any excess may be cut the following grant year. The concern is if the funds are not expended by next year, Community Development may be declined future funding for the same amount.

(TAPE 2)(SIDE A)(001)

Breaux stated 10,000 to 11,000 square feet would be utilized for his department. Williams expressed his concerns regarding spending CDBG funds on capital improvement projects because these funds are to assist those that are less fortunate. Stevenson stated he was contacted by a judge, who had requested the use of the second floor and was allegedly denied by the Administration. Breaux responded there are certain guidelines that are to be adhered to with reference to the building. An agreement was made with the Federal Government to house services that support the homeless in the building. Community Development's services that will be provided in the building support the low-income and needy people in the community. Weber confirmed the Administration had discussed the possibility of moving Family Court and some Clerk of Court personnel but no agreement was reached. Stevenson stated the judges would pay for any improvements and requested Weber to meet with them and determine a solution.

Benjamin supports the motion because it will help those that are less fortunate develop a better quality of life. Breaux did not want to risk any possible penalties in the next funding year by not utilizing the available funds. Williams expressed his concerns if the building is not utilized for the Department of Community Development, then what will it be used for. Menard has supported the renovations of the building in the past and does not oppose the project but is opposed to what funding source will be used and urged the defeat of the ordinance. Stevenson expressed his concerns regarding spending the funds on renovations instead of the initial basis

for which the monies were granted.

(TAPE 2)(SIDE B)(001)

After further discussion, Mouton offered a motion, seconded by Broussard to call for the question. As there was no objection to the call for the question the vote on the ordinance was as follows:

YEAS: Castille, Williams, Benjamin

NAYS: Badeaux, Broussard, Mouton, Stevenson, Menard

ABSENT: Trumps

RECUSED: None

Motion was defeated.

(TAPE 2)(SIDE A)(072)AGENDA ITEM NO. 16: O-183-2003 An ordinance of the Lafayette City-Parish Council amending the FY 02/03 operating budget of the Lafayette City-Parish Consolidated Government approving and authorizing the increase of revenue in the amount of \$517,500.00 from the funds received from the Supreme Court of Louisiana to operate the Drug Court Program and adding one position. A motion to approve as amended by Stevenson, seconded by Broussard, and the vote was as follows:

YEAS: Badeaux, Castille, Williams, Benjamin, Broussard, Mouton, Stevenson, Menard

NAYS: None

ABSENT: Trumps

RECUSED: None

Motion was approved as amended.

Upon questioning by Badeaux, Carla Jean Batiste, Drug Court Coordinator, explained each year the Drug Court Program is refunded by the Louisiana Supreme Court, however, if they are not refunded, the whole program would be in jeopardy. Williams and Castille commended Ms. Jean Batiste on the success of the program and urged the Council's support.

An amendment was offered by the Administration **to include a revised copy of the budget revision.**
